

10 February 1975

Dear Dr. Lederberg,

My paper is overdue, but I assure you that it is in the works and will be finished very soon. As you know, I began classes immediately when I got back here, and my schedule is heavy enough that it would be a disaster if I were to fall behind so soon.

Just wanted you to know that I have been working.

You'll hear from me soon -

Bob Waldinger
